

## **Contractor's Insurance / License Requirements**

- ☐ To protect yourself and OCEAN TWO CONDOMINIUM ASSOCIATION, INC. from exposure, all contractors doing work in your units (i.e. – decorators, flooring companies, etc.) must be licensed and insured.
- ☐ A copy of each of the following must be on file with the Management Office, prior to the contractor commencing work.
  - (1) Current certificate of Insurance for **General Liability** with limits of at least **\$1,000,000.00** and **OCEAN TWO CONDOMINIUM ASSOCIATION, INC as an additional named insured.**
  - (2) Current Certificate Applicable Worker's Compensation.
  - (3) License issued by Dade or Broward County.
  - (4) Soundproof specifications sheet for flooring installation.
  - (5) Check for **\$500.00** – dumpster fee, per dumpster (determined by management) made payable to Ocean Two Condominium. (Non refundable)
  - (6) Check for **\$300.00** – move in/out & large deliveries fee. (Non refundable)
  - (7) Contractor must provide **\$1000** security deposit refundable minus any charges incurred for violations as per attached.
- ☐ **All flooring contractors must obtain a plumbers permit.**
- ☐ No contractor can be given access to your unit without prior submittal of these documents to the Management Office.
- ☐ All required permits must be submitted to the Management Office and posted prior to commencement of work.

**NOTICE AND ACCEPTANCE OF STANDARDS FOR CONTROL OF SOUND TRANSMISSION  
AND IMPACT ISOLATION (FLOOR COVERINGS)**

Pursuant to section 17.9 of the Declaration of Condominium for OCEAN TWO CONDOMINIUM ASSOCIATION, INC., A Condominium ("Floor Coverings"), hard and/or heavy surface floor covering, including, without limitation, tile and wood, cannot be installed in any part of a condominium unit, without the consent of OCEAN TWO CONDOMINIUM ASSOCIATION, INC. (The Association").

The Association shall not approve the installation of any hard and or heavy surface floor coverings unless the aggregates sound isolation and acoustical treatment carries a minimum Sound Transmission Classification (STC) of 60, and a minimum Impact Isolation Classification (IIC) of 60. The unit owner shall install the foregoing insulating materials in a manner that provides proper mechanical isolation of the floor coverings from any rigid part of the building structure, whether of the concrete sub-floor (vertical transmission) or adjacent walls and fittings (horizontal transmission).

If any installation of hard and/or heavy surface floor covering shall be made in violation of these standards, the Association shall have the immediate right to prohibit any further installation or, if already installed, require that the floor coverings be removed at the unit owner's expense and replaced with floor coverings and sound insulation which meets the above described standards. Compliance with such standards is mandatory under the Declaration of Condominium, and shall be enforced for the benefit of all the unit owners in the building. Compliance may be enforced by the Association in the Circuit Court in and for Miami – Dade County, Florida by an action seeking injunctive relief or specific performance. The undersigned acknowledges such rights and submits to the jurisdiction of the Miami – Dade Circuit Court for the enforcement of the standards described above. In the event that a judicial proceeding shall be necessary, the Association's costs to make the required corrections and the Associations' reasonable attorneys' fees (including trial and appellate fees) and court costs shall be charged against the unit owner and such amount shall be secured by lien in favor of the Association against the condominium unit and shall be enforceable in accordance with the terms of the Declaration of Condominium.

A copy hereof shall be maintained in the Association's records and maybe used in any enforcement proceedings of Settings 17.9 of the Declaration of Condominium. No proposed transfer of title or lease of the condominium unit shall be approved unless the intended transferee or lessee shall have signed a copy of this Notice acknowledging the receipt hereof and such transferee's or lessee's agreement to abide by and bound by the terms hereof.

The undersigned hereby acknowledges receipt of the forgoing notice and agree to abide by and be bound by the terms hereof.

## **RELEASE, INDEMNIFICATION AND HOLD HARMLESS AGREEMENT**

**This Release, Indemnification and Hold Harmless Agreement ("Release") is executed this \_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_ by the undersigned Owner(s) or Lessee(s) of Unit \_\_\_\_\_ located in OCEAN TWO CONDOMINIUM ASSOCIATION, INC.**

Whereas, the Association will permit the undersigned to engage contractors and vendors (including all those working by, through, or under them, the "Personnel") to perform work within the undersigned's Unit subject to the terms and conditions set forth hereinafter. The contractor must submit a current certificate of insurance for general liability insurance with limits of at least **\$1,000,000.00** and OCEAN TWO CONDOMINIUM ASSOCIATION, INC. as an **additional named insured**; a current certificate of applicable Workers Compensation Insurance will be required; a copy of applicable licenses and required permits.

Now, therefore, in consideration for being permitted the benefit of allowing the Personnel to perform Work within the undersigned's Unit and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned specifically agree to the following:

1. The above recitals are true and correct and are incorporated herein by reference.
2. The undersigned acknowledges that the Work performed by such Personnel within their Unit shall be at the undersigned's sole risk and the Association shall not have any responsibilities or liability for the Work performed by such Personnel and further acknowledges and agrees that the Association has made no representations regarding the Personnel's ability or qualifications to perform the Work.
3. The undersigned acknowledges and agrees that the Work performed by such contractor or vendor within their Unit shall be at the undersigned's sole risk and the Association shall not have any responsibilities or liability for the Work performed by such contractor or vendor and further acknowledges that the Association has made no representations regarding the contractor or vendor's ability or qualifications to perform the Work.
4. The undersigned (jointly and severally of more than one) hereby release, indemnify and hold harmless the Association and its directors, officers, agents and employees, lessees, guest and invitees and all members of the Associations from and against all claims, damages, losses and expenses including attorney's fees, at both the trial and appellate level, arising out of or resulting from the contractor or vendor's entry to the

undersigned's Unit and the Work performed by, through or under them. This indemnification shall extend to all claims and damages, including consequential damages, losses and expenses attributable to bodily injury, death, and to damages, theft or injury to and destruction of real or personal property including loss of use resulting therefore arising out of or resulting from the Work performed by the contractor or vendor and entry into the undersigned's Unit.

5. We have read this Release and understand and agree to all of its terms. We execute it voluntarily and with full knowledge of its significance.

**IN WITNESS WHEREOF**, The undersigned have executed this Release the day and year set forth above.

## Unit owner

### Designers' & Contractors' Guidelines

The following information describes the operating procedures for unit owners, designers and/or contractors working in units. Please review this information thoroughly and forward it on to your employees. **Failure to abide by these procedures may lead to excluding those hired further work on the property and unnecessary charges.**

#### 1. PAPERWORK

A "Unit Access Authorization" form must be on file in the Management office, listing the company's name and signed by the unit owner or agent prior to starting work in the unit. **NOTE: Building staff is NOT responsible or permitted to provide entry to a unit. At no time will a key fob to the elevator or garage clicker be given to any contractor.**

The unit owner is requested to submit a detailed construction plan of the proposed improvements by means of the "Architectural Modification Application" form to the Management office. The construction plan package shall include the following:

- a. A full set of plans and specifications for all work to be performed. **Once approved by the City of Sunny Isles Beach a stamped copy must be submitted to the management office along with the permit(s)**
- b. If necessary, engineering report confirming reviews of structural load capacity.
- c. Sample of floor soundproofing.
- d. List of all contractors, sub-contractors with supervisory personnel and contact telephone numbers.
- e. Certificate of Insurance for general Liability Insurance with limits of at least \$1,000,000.00 and OCEAN TWO CONDOMINIUM ASSOCIATION, INC. as an additional named insured.
- f. Current Certificate Applicable Worker's Compensation.
- g. Current and valid Dade or Broward County license to perform work from all contractors.
- h. ALL tile contractors must obtain a plumbers permit.
- i. All required permits necessary to perform work.
- j. Dumpster, large delivery fees & contractor security deposits.

Upon review of the information submitted to the Association's Board of Directors, the owner will be notified within 10 working days if the request has been approved or denied. Completed flooring installation requests may be submitted separately from other improvements and will be expedited as quickly as possible.

## 2. SUB-CONTRACTORS, VENDORS ACCESS

Unit owners or Agent must sign a "Unit Access Authorization" form for ALL trades-people performing work in the unit. All workmen must display (wear) their building authorization daily. Failure to wear building I.D badge daily will result in expulsion from building. Key fobs and garage clickers are strictly prohibited to be used by any contractor or worker performing work in the unit.

## 3. PERMITS

The City of Sunny Isles Beach requires PERMITS for work performed in the units. Failure to comply can result in fining and postponement of work. Upon receipt of an approval from the Board of Directors, permits can be obtained from the City. **No workmen will be permitted access, make deliveries of materials, or commence work in the unit, without providing the Association with a copy of the permit. All permits will be displayed on the unit door.**

## 4. SOUND CONTROL REQUIREMENTS

**All hard surfaced flooring must be installed over sound control material rated at a MINIMUM of 60 IIC and 60 STC. A material specification sheet AND laboratory sound test results must accompany all requests for installation.** Sound control materials must meet the required testing levels as applicable to the building. An inspection by the City of Sunny Isles Beach must be performed on the sound proofing prior to any floor being installed. During the installation of flooring, it is imperative that contractors **do not under cut doors to the unit beyond the recommended door limits. Any weather-stripping removed at the time of cutting MUST be replaced**. The Unit Owner will be responsible for replacing any doors that do not meet local governmental requirements after the installation of flooring. **Please note: Front entry doors may not be permanently removed. This is a fire code violation.**

## 5. LICENSE, PROOF OF INSURANCE

All contractors must provide proof to the Management Office of licensing and a certificate of insurance to the Management office, naming the Association as additional insured prior to commencement of work. A minimum of 30 days "notice of cancellation" is required.

## 6. FEE INFORMATION

- A disposal Fee for the dumpster is **\$500.00** (non-refundable) per dumpster (determined by management)
- A large delivery move in fee of **\$300.00** (non refundable)
- A contractor's deposit of **\$1,000** refunded after completion of work if there are no damages or infractions of procedures. Damages will be charged at cost of work by outside contractor or \$35.00 per hour for in-house repairs.

## 7. DELIVERIES AND MOVE-INS

Deliveries and move-ins shall be made through the **receiving area only** (located on the Northern side of the building). Receiving operation hours are:

**Monday through Friday**  
**9:00 a.m. – 4:45 p.m.**

\*You are required to schedule deliveries with the management office at least **48 hours in advance**.

## 8. WORKING HOURS FOR CONTRACTORS

**Monday through Friday**

**9:00a.m – 4:45p.m**

## 9. REMOVAL OF DEBRIS

A 20-yard dumpster will be provided; all contractors are responsible for removal of all debris from the common areas, including the stairwells, on a daily basis. Any contractors found dumping or leaving debris in common areas will be subject to charges for removal of a \$100.00. The offending contractor will be denied future access to the building until such charges are received at the management office. Any debris, tools and or materials left in the stairwells will be discarded by personnel as abandoned garbage.

Dumping debris down any plumbing fixture is prohibited and any damage caused by such action will result in charges and fines to both the unit owner & contractor. Most high-rises experience extensive plumbing pipe damage caused by grout, drywall mud, paint products, wallpaper glue and dirt that are disposed of improperly by construction workers.

Usage of trash chutes during renovations is strictly prohibited. Management will have a dead bolt lock installed on the garbage chute door in order to prevent disposal of construction materials down the chute. Once all construction has been completed the dead bolt will be removed.

## 10. SITE ACCESS – PARKING

All contractors shall enter the building through the Receiving area located at the northern-side of the building. All Contractors must check in on a daily basis with the receiving clerk. **A valid picture ID will be requested to confirm authorization** and to obtain a contractor's identification badge. No other means of entry will be permitted.

Contractors will off-load working materials and equipment at the receiving area and park off premises. Vehicles left over 10 minutes will automatically be towed. All materials and equipment must be transported to the unit of work immediately. **No storage will be provided in the receiving area or garage for any contractors.**

## 11. ELEVATOR USAGE

Scheduling for deliveries (flooring material, furniture, and equipment) will require a notification to the management office at least 48 hours in advance. Contact the Management office to arrange for these deliveries.

It is recommended that all designers and contractors coordinate and schedule deliveries carefully and communicate scheduling with ample time to avoid delays with the Building Management.

The elevator should accommodate most, if not all, your possessions. The size of the elevator cab door is 3' 6" wide by 7' high. The elevator cab's ceiling height is 9'4". Should your move-in transport requirements be unusual, please be advised that you will have to make special arrangements with ThyssenKrupp Elevator that will incur an extra charge. Please see the Building Management for further details.

**Any contractor found in the resident elevator will be immediately escorted off the premise. Contractors are to take extreme precautions inside the elevator not to damage the wood panels or stainless steel. Any damage incurred by the contractor will result in loss of deposit and a second deposit will be required before work can resume.**

## **12. PROTECTION OF ASSOCIATION PROPERTY**

Contractors are responsible for protecting the walls, ceilings, doors, floors and other common areas from damage. Please use extreme caution in transporting materials and equipment, and remember that any damage to the common areas will be charged to your company and/or the unit owner.

## **13. STORAGE OF MATERIALS**

All materials and equipment used for unit improvements must be stored within the unit. No items may be stored or left for any amount of time in elevator lobbies, balconies, garage levels, stairwells etc.

## **14. RESTROOM FACILITIES**

Unit owner contractors may use the restrooms located in the units in which they are working with owner's permission. Use of the building's common area restrooms is prohibited.

## **15. WATER SHUTDOWNS**

Any improvement requiring the shut down of water supply lines (fire or other) requires permitting from the City of Sunny Isles. Vendor must advise the management office 72 hours in advance to schedule work.

## **16. BALCONY FLOORING REQUIREMENTS.**

Strict attentions must be adhered to in maintaining pitch and drainage. No sliding door track weep holes are to be blocked or closed thereby preventing drainage. Tile cutting is **NOT ALLOWED** on the balcony. All tile cutting must be done inside the unit or off site. A sling must be used when installing tile on the balcony; it is available for you through the Building Management for \$100.00.

## **17. DRAPERIES, SHADES AND OTHER VISIBLE WINDOW COVERINGS**

Draperies, shades and other window coverings (or lining thereof) must be white or off-white in color (exterior view) pursuant to Declaration of Condominium.

## **18. PLUMBING**

Relocation/addition of plumbing requiring core drilling is **not permitted**. A plumbing permit is required for tile work and reinstallation of appliances i.e. dishwasher, refrigerator (ice-maker) and washer/dryer. Removal and re-set of existing plumbing fixtures (flooring installation or replacement of fixtures) also requires a licensed plumber.

Accessing lower unit(s) to perform plumbing modifications is not permitted.

A back flow preventor must be installed directly after the unit master valves.

All new single handle faucets are to be pressure balancing faucets.

If the unit's master valves need to be replaced, the management office and maintenance supervisor will be notified 72 hours in advance in order to post notices and notify unit owners.

Building domestic water riser pressure reducing valves are not to be tampered with or relocated.

Water sensors located on the floor slab inside the A/C closets are not allowed to be tampered with or removed.

Relocation of P-Traps may not be preformed without the permission of the management office or building maintenance supervisor.

Condenser water, condensate drain, domestic water including rain leader, sanitary drains and waste pipes running vertically between the walls from the unit floor slab to the unit ceiling slab may not be removed or relocated without permission from management or maintenance supervisor.

## **19. Electrical**

If the main circuit breaker to the unit distribution panel needs to be turned off, it must be performed by Ocean Two personnel.

Exit signs are not to be removed or relocated without the certified written approval of the Miami Dade Fire Department and the City of Sunny Isles Beach.

The two fire egress doors have an electric lock which is interconnected with the buildings fire alarm system. At no time may these locks be tampered with or changed without permission from management or building maintenance supervisor.

When adding a larger capacity electrical distribution box we will require written confirmation from Florida Power & Light that the buildings main switch will not be overloaded or affected.

## **20. Fire Sprinklers.**

Fire sprinkler water supply lines and or fire sprinkler heads will not be allowed to be relocated without a separate permit and only authorized fire sprinkler contractors licensed and insured will be allowed to perform such alterations.

After a permit is acquired, a 72 hour advance notice is required to be given prior to closing the fire sprinkler system.

Draining and opening of the fire sprinkler system must be performed by the building's maintenance department personnel.

If the fire sprinkler system is closed or inactive to the unit a fire watch will be ordered by management and the cost will be the responsibility of the unit owner.

The fire sprinklers **may not be painted**. Please also note, over spray may cause damage to sensors and necessitate the replacement of sprinkler at unit owner's expense

## **21. Fire Alarm Safety Devices**

The buildings fire alarm safety devices may not be disconnected or relocated at anytime without approval of the management office or maintenance supervisor. This includes Pull Stations, strobe lights, and smoke detectors.

All relocation of the buildings fire safety devices can only be performed by the buildings approved Fire Alarm contractor.

At no time may a fire alarm safety device wire or wiring be cut or removed

Existing smoke detectors located in the unit foyer and laundry room must be covered with dust covers during remodeling. An alarm caused by failure to cover smoke detectors will result in a Fifty dollar charge. (\$50)

The auditory speakers are part of the fire safety system and must not be removed for painting or general aesthetic by any contractor. Arrangements can be made to disconnect and reconnect these devices without damage to the unit.

## **22. Structural**

No penetration will be allowed through the exterior wall of the building. No core holes or chipping of the unit's structural floor slab or ceiling slab will be permitted.

Chipping of structural columns or load bearing walls is prohibited.

No holes are to be made through the aluminum window casings or lower sliding glass door tracks.

## **23. Miscellaneous**

SMOKING is prohibited in all common and limited common areas of the building.

Concrete core drilling is not permitted due to the presence of post tension cables.

WORKING within common areas is not permitted. This includes cutting of moldings, carpeting, etc., and work on balconies (excluding the installation of flooring in the balcony areas but not cutting of tile).

Building maintenance personnel will make daily visits to units to ensure compliance & no unauthorized work is being performed.

It is our intent to facilitate the process of improvements while minimizing the inconvenience to other Unit Owners and work in progress. At the same time, we must make every effort to minimize the possibility of damages throughout the property and maintain a safe working environment.

If you have any questions regarding any of the above procedural information, please contact the Management office for clarification at:

Ocean Two Condominium Association, Inc.  
19111 Collins Avenue  
Management Office  
Sunny Isles, FL 33160

Tel: 305-466-4133

Fax: 305-466-4159

**Please DO NOT anticipate:**

- To begin working or delivering materials without required documentation, approval and authorization.
- To work on the property without maintaining proper conduct and strict observance of all procedural requirements and time frames.
- To solicit or distribute advertising or promotional material on the property.

I, \_\_\_\_\_, owner of Unit # \_\_\_\_\_,
